LEAGUE MISSION: The mission of the Junior Basketball League is to provide the highest quality fun, positive learning environment for basketball skill and personal character development. Organized and run by the Virginia Basketball Academy this program is set on VABA's two main goals: SKILL & CHARACTER DEVELOPMENT. To this end, the JBL encourages good sportsmanship (founded on VABA's Core values), the proper teaching of basketball fundamentals, and a greater sense of purpose beyond basketball to shape our youth. Ultimately, the JBL aims to "light the fire," inspiring young athletes to fall in love with the great team sport of basketball.

What is VABA? The Virginia Basketball Academy is a locally run, non-profit organization, widely regarded as the foremost name in basketball teaching and character development in Central Virginia.

League Structure: This is a recreational basketball league. However, beyond just "participating" or "playing the game," the JBL provides an environment where devoted, professionally trained coaches and young athletes can sincerely focus on developing fundamental skills. Ultimately, VABA's goal is to strive toward maximizing participants potential on and off the court while developing a love for the great team sport of basketball.

There are two "divisions" within the JBL: grades 1-2 (co-ed) and grades 3 – 4 (boys). Teams are formed based on the public school district where athletes attend school. All teams, comprised of 10 players each, taken on a first come first serve basis, are divided based on the public middle schools where they would be districted to attend (also applies to private and home-schooled students). The JBL ("Junior League") is not run directly by the schools, or the middle schools, or their athletic directors and coaches. Games and practices take place at local elementary and middle schools.

Two (2) Divisions: Grades 1 – 2 (co-ed) & 3 – 4 (boys) ❖ Four (4) teams per school/mascot per division
